HOW IT WORKS:

YOU HAVE A MEDICAL EMERGENCY

Private JetMD is prepared for the unexpected so you don't have to be. In the event of a medical emergency, such as a sudden illness, injury or accident anywhere in the world, Private JetMD provides you with transportation and immediate access to over 400 doctors and nurses worldwide who have been trained in emergency care.

MORE THAN 150 MILES FROM HOME

Dealing with a medical emergency when you are close to home is difficult enough. Now imagine you are away from home and out of your comfort zone, emergencies can be frightening and nerve racking. If you're more than 150 miles from home you can trust Private JetMD to get you the emergency medical treatment you need.

YOU NEED MEDICAL ASSISTANCE

All it takes is a single phone call for immediate access to the nearest Western Trained English Speaking Physician, Dentist, or other Medical Practitioner at a Western Accredited Hospital or Clinic no matter where the member is. Emergency Medical Assistance includes medical case management and monitoring, transportation, emergency medical evacuation, medically supervised repatriation and more.

WE FLY YOU BACK

Once a member has been discharged from the hospital and is past the acute phase of treatment, Private JetMD will arrange for the return of the member to their home. Medical supervision is also provided in the event of a transfer to another Hospital, Medical Facility, Skilled Nursing Facility, or Rehabilitation Center.

SERVICES:

Private JetMD is a membership program providing travelers with emergency medical assistance, evacuation services, and much more. In the event of a medical emergency, Private JetMD can arrange medical transportation, evacuation, and repatriation services for travel more than 150 miles from home.

Private JetMD provides pre-trip health and medical information assistance so its members are fully advised and prepared for potential health risk or medical service limitations in any part of the world where they will be traveling. If a member has a particular medical condition, Private JetMD will provide referrals to local specialists and health care facilities so that adequate treatment can be sought out if needed.

Additional advanced planning services include document, legal, and translation services. Whether you have a lost or stolen passport or require legal assistance while abroad, Private JetMD is available to you.

Private JetMD E-Services help members stay informed in real time with updates about political instability, weather issues, potential health risks, and any other situation which could affect travel. With 24/7 access to local information through our proprietary online interface, you will not wait for critical updates from local news outlets.

For members who encounter a dangerous situation, Private JetMD will provide immediate private security beyond what is provided by US embassies.

For our members, whether they are planning a trip or right in the middle of it, Private JetMD is a complete resource.

Frequently Asked Questions

Q: Who will provide the emergency medical care?

A: Every Medical Escort and Emergency Care Staff provided by Private JetMD throughout the Emergency Medical Evacuation process is affiliated with a World Wide Network of prescreened qualified medical providers so you know that you are always receiving the best of care. These members of the World Wide Network must have a positive reputation in their field and adhere to procedures and practices approved by The Joint Commission and Joint Commission International. Each physician, trauma specialist, surgeon, dentist or other medical practitioner is referred through a trusted international partner who selects providers who received traditional Western Medical training, adheres to strict policies required to meet qualifications, and speaks English fluently. Complete Medical Case Management and Review directly from our Chief Medical Officer and our own staff of Physicians is provided from the moment you make your first call until you are back home recovering.

Q: Doesn't my health insurance give me the coverage I need while I'm traveling?

A: Most health insurance programs will neither facilitate nor cover the cost of emergency medical transportation when you are traveling outside the country. In addition, many health insurance plans will not provide direct payment to foreign hospitals for medical care. Private JetMD membership provides the assurance that in the unfortunate event of sudden illness, injury, or accident, you have access to quality emergency medical treatment, emergency medical transportation, and medically supervised repatriation services.

Q: Are there any limitations to Private JetMD Services?

A: Private JetMD members receive \$1,000,000 of coverage on all travel related emergency travel expenses. Membership eligibility requires new members may not be older than seventy-five (75) years of age. Newborn children are covered under the medical service membership after the forty-fifth (45) day from the date of birth. Private JetMD provides medical assistance to subscribers who have traveled more than 150 miles away from their primary residence.

Q: Who should become a Member of Private JetMD?

A: If you would like peace of mind and stress free travel in the unfortunate event of sudden illness, injuries and even tragic accidents while traveling, you should become a member of Private JetMD. Anyone who travels beyond 150 miles from home for family gatherings, weekend getaways, vacations, education, hobbies, sporting events or work can benefit as a member of Private JetMD. Membership for Individuals, Families, Seniors, and Employers provides peace of mind for the unexpected Medical Emergencies when you are away from home, even if traveling outside the country.

Q: What if I have a pre-existing medical condition?

A: Private JetMD encourages you to become a member regardless of your current medical condition. We can provide referrals for the best Medical Care throughout your travels. Our staff can help you learn who has the best reputation around for specialized treatment as well as assist you in locating the nearest Western Accredited Hospital prior to your trip. In the event of a Medical Emergency while traveling, you can trust Private JetMD to refer you to the nearest quality medical care delivery service providers through a World Wide Network of prescreened qualified medical providers regardless of any pre-existing medical conditions and in all emergency situations.
